faster	hours	machines	money	schedule
boss	fix	fixes	delivered	overtime

**Directions:** Complete the story. Use the vocabulary words in the box.

Philip and Leo work in a factory that makes picture frames. Philip is a mechanic. He (1) fixes the machines and he keeps the conveyor belt moving. Leo is his (2) boss. He is in charge of all the factory workers. Leo makes sure that orders are (3) delivered on time.

“Hi, Philip. Listen, we have a big order for 100,000 boxes of picture frames. They need to be shipped by Saturday afternoon. Can you make the conveyor belt move a little (4) faster?” says Leo.

“I don’t know. Last time we sped it up, it broke and it took three hours to (5) fix it,” says Philip.

“I remember that day very well,” says Leo. “It put us even further behind (6) schedule.”

“Yeah, and what if it breaks again like last time?” asks Philip. “It might take more than three (7) hours to fix it.”

“Okay. Can you work overtime this week? That way we can keep the conveyor belt and (8) machines running an extra three hours a day, and you’ll make time-and-a-half for working (9) overtime,” says Leo.

“Sure. I can do that. I need extra (10) money,” replies Philip.
