

SECOND EARTH

The date is April 22nd 2038, and you and your classmate have just arrived at a planet that is similar to our Earth. You will live there for 20 years. Work together and make notes to describe the planet.

Name of the planet:

Size of the planet:

- (A) a little bigger than Earth
- (B) the same size as Earth
- (C) a little smaller than Earth

What is the temperature of the planet?

- (A) a little hotter than Earth
- (B) the same temperature as Earth
- (C) a little colder than Earth

Life on the planet:

- (A) no life
- (B) only plant life
- (C) plant and animal life
- (D) plant life, animal life, and intelligent life

How many moons does the planet have?

- (A) no moons
- (B) one moon
- (C) two moons
- (D) twelve moons

How many hours does the planet's 'day' have?

- (A) 13
- (B) 18
- (C) 29
- (D) 47

What will you bring with you to the planet?
Discuss with your partner and agree on the 10 things you will choose:

- (1) guns
- (2) medicine
- (3) water
- (4) food
- (5) computers
- (6) clothes
- (7) books
- (8) televisions
- (9) cats and dogs
- (10) cameras
- (11) tents
- (12) boats
- (13) farm tools
- (14) money
- (15) coffee
