### Grammar - Question tags

Read the following information on using question tags:

When we **invite someone to agree** with us, for example to emphasize a statement or start a conversation, we can add question tag to a statement, e.g. *Nice weather today, isn't it?*

Question tags can also be used to **ask real questions**, for example when you want to make a suggestion, ask for something or check that your information is correct, e.g. *Let's go out for a drink, shall we?*

*You're coming to the party tonight, aren't you?*

*You don't know where Anne is, do you?*

**Listen and notice the difference in intonation:**

**Inviting agreement:** *Lovely day, isn't it?*

**Checking/asking for things or information:** *It's time to go home, isn't it?*

**Inviting agreement:** *Tom isn't coming, is he?*

**Checking/asking for things or information:** *You don't have a pen I could borrow, do you?*

Question tags are formed with an **auxiliary verb** (**have, was, will, shall** etc.), **do/does** for the **simple present**, and **did** for **simple past**.

**Complete the following rules by crossing out the incorrect alternative:**

We normally use a positive/negative question tag after a positive sentence and a positive/negative question tag after a negative sentence.
